M/s. Bhattar & Paliwal, Chartered Accountants, Statutory Auditors, were appointed as Statutory Auditors of the Company at Annual general Meeting held on September 28, 2017 till the conclusion of Annual general Meeting to be held for the financial year 2021-22.

There are no qualifications, reservations or adverse remarks or disclaimers mentioned in Audit Report made by M/s. Bhattar & Paliwal, Chartered Accountants, Statutory Auditors, in their report except to the following observations:

**Emphasis of Matter****We draw attention to:**

Note no. 13 regarding credit facilities from banks became Non Performance account during the year and forensic audit has been carried for the working of the company and interest has not been provided since August 2018 being NPA. Pending the ultimate outcome of this matter which is presently unascertainable hence no adjustment has been made.

Note no. 32A regarding net worth of the company has been fully eroded due to lower volume and finance cost, further the Company has defaulted in repayment of principal and interest payable to Banker in respect of working capital facilities which indicate existence of liquidity stress and material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However the management is hopeful to meet the Company's financial obligation and continuing business operations. Having regards to this, financial statements have been prepared on the basis of going concern. Hence no adjustments have been made to the carrying value of Assets and Liabilities of the Company.

Management Reply: Credit facilities from Indian Overseas Bank, Kanpur and Oriental Bank of Commerce, New Delhi have become Non Performance accounts (NPA) during the year and forensic audit has been carried for the working of the company and replies were sent by company to both Banks. As the Report contents were found unsatisfactory, company referred the matter to a law firm, who on the basis of another full audit by another reputed firm of CAs, have formed a different opinion and Management is therefore contemplating contesting the same in Courts.

Net worth of the company has been fully eroded due to lower volumes and finance cost. The management is hopeful to meet the Company's financial obligations and continuing business operations and therefore accounts are prepared on going concern basis.

**29. SECRETARIAL AUDITORS AND AUDITORS' REPORT**

There are no other qualifications, reservations or adverse remarks or disclaimers made by Mr. Gopesh Sahu, Company Secretary in Practice, in his secretarial audit report except to the following observations:

- a) In terms of Regulation 33 (3) (a) of Securities and Exchange Board of India (Listing obligations and Disclosures Requirements) Regulations, 2015, the Financial Results for the quarter ended 30<sup>th</sup> September, 2018 was delayed filed after 77 days from the end of the quarter i.e. on 17<sup>th</sup> December, 2018.

Management Reply: With respect to the observation of the Secretarial Auditor in their report, members are informed that Financial Results for the quarter ended 30<sup>th</sup> September, 2018 was delayed as it was approved in Board meeting held on 17<sup>th</sup> December, 2018.

- b) in terms of 17 (1) (b) of Securities and Exchange Board of India (Listing obligations and Disclosures Requirements) Regulations, 2015 the composition of the Board was not as per the regulation 17 during the quarter ended on June, 2018 and September, 2018 respectively.

Management Reply: With respect to the observation of the Secretarial Auditor in their report, members are informed that the Company has complied with the same on December 18, 2018

- c) in terms of 19 (1), (a) of Securities and Exchange Board of India (Listing obligations and Disclosures Requirements) Regulations, 2015 the composition of the Committee is not as per the regulation 19 during the quarter ended on June, 2018 and September, 2018 respectively.

Management Reply: With respect to the observation of the Secretarial Auditor in their report, members are informed that company has complied with the same by inducting Mrs. Poonam Singh as member of the committee on 14<sup>th</sup> November, 2018.

- d) in terms of Regulation 19 (2) of Securities and Exchange Board of India (Listing obligations and Disclosures Requirements) Regulations, 2015 the Nomination, Remuneration and Compensation Committee does not have the regular chairperson during the quarter ended on June, 2018 and September, 2018 respectively.

Management Reply: With respect to the observation of the Secretarial Auditor in their report, members are informed that company has complied with the same by appointing Mr. Gopal Saxena, Chairman of the committee on 14<sup>th</sup> November, 2018.

- e) The company has spend part of the CSR contribution, however part amount has remain unspent with the company for the Financial year ended 2018-19.

Management Reply: With respect to the observation of the Secretarial Auditor in their report, members are informed that The Company has unspent remaining amount of the CSR in the financial year as the time was taken to identify the appropriate project wherein the Company can spend in accordance with the CSR Policy of the Company.

- f) The company has recorded negative EPS of Rs. (174.36) and suffered a loss of Rs. 49.76 Crore in comparison to that of the p.y. due to writing off of certain advances recoverable in cash by the company.  
 Management Reply: With Respect to observation of negative EPS of Rs. (174.36) and suffered a loss of Rs. 49.76 Crore is self explanatory.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Economic Review

Indian Gross Domestic Product (GDP) is expected to have grown at 6.8% for the Financial Year 2018-19 as compared to a growth rate of 7.2% in the previous Financial Year, as per the recent estimates from Central Statistical Organization (CSO). Despite a lower growth rate vis-à-vis previous year, India remains one of the fastest growing economies in the world.

### Industry Structure and Development

#### Agriculture Industry

Financial Year 2018-19 was a tough year for the agriculture sector. Overall monsoon was lower than normal, being 9% lower than long period average rainfall (LPA – measured for the trailing 10 year period). Rainfall distribution was erratic and patchy and more than one-third of the districts of the country reported deficient rainfall and states of Gujarat, Maharashtra, West Bengal, Jharkhand, were severely hit. Further, as per the latest estimates, agriculture and allied activities are estimated to have grown at lower rate of 2.9% in the Financial Year 2018-19 compared to growth of 5% in the previous Financial Year. In terms of food grain production, for the Financial Year 2018-19 total production was estimated at Rs. 283.37 million tonnes which is lower than the previous year production of Rs. 285.01 million tonnes.

For the Financial Year 2019-20, the Indian Meteorological Department (IMD), in its recent monsoon forecast for the season, has predicted a normal monsoon with rainfall expected to be at 96% of the LPA (with a model error of +/- 4%). IMD expects country to have well-distributed rainfall and highlights that 'El Nino' conditions will remain weak during the monsoon in the current year. Chances of a good monsoon is a positive sign for the agriculture sector as major portion of the country's crop production is dependent on monsoon.

Government has announced multiple measures in the interim budget with a purpose of boosting farmer's income. Interim Budget aimed at bringing stability to farm income and provide relief to small farmers. Under major agriculture and rural schemes, an amount of around Rs.1.2 trillion has been allocated and an additional Rs.1.6 trillion has been allocated for agriculture and animal husbandry sector. Increase in allocation over last year is mainly due to the large allocation made for income support scheme. These schemes and measures, if implemented well, can bring lot of benefits to farmers and agriculture economy in the long run.

#### PAPER INDUSTRY

According to a report released by Indian Paper Manufacturers Association (IPMA) detailing the paper industry overview for 2018-2019, the per capita paper consumption in India is currently around 13-kgs, while the global average is 57-kgs. This is projected to increase to at least 17-kgs by 2024-25. India's share in world production of paper is about 3.7%, with estimated production of over 15-million.

The report said the paper industry has the market size of more than 17-million tonnes of paper and growing at around 7% per annum. Meanwhile, the annual turnover of the paper industry is estimated to be Rs 60,000-crore, with around INR 4,500-crore contribution to the exchequer. The industry provides direct employment to 0.5-million persons, and indirectly to around 1.5-million.

According to the report, the reasons for growth of paper industry in country are continuous demand for education and literacy, increasing organized retail, growth in e-Commerce, FMCG, pharma/ healthcare sector, demand of quality packaging, ban on plastic (especially polythene bags) and increment in demand of eco-friendly paper bags, continuously increasing demand of ready-to-eat food and printed stationary.

#### Road Ahead

The Economic Survey report 2018-19 has projected India's FY20 economic growth rate at 7%. Coming just a day before India's Budget 2019, the Economic Survey showed the health of the Indian economy and projected India's economic growth for the fiscal year 2019-20. All eyes were on Budget 2019 and Economic Survey 2019 after a recent data released by the Government showed a slump in GDP growth rate and high rate of unemployment in the country. The Economic Survey revealed signs of India's economic revival and challenges ahead. It showcased the health of various indicators like jobs, farm sector, manufacturing, services, education, etc.

#### Opportunities & Threats

- **Pricing & Rising Costs and availability of Raw Materials**

The industry is very much dependent on raw materials. Any price volatility of these raw materials and adjust to the same could adversely affect our results of operations and profitability.

- **Domestic Markets**

We try and tap every lawful opportunity coming our way and follow a focused approach and increased marketing efforts. All these have resulted in increased growth of the Company in the recent years. In the coming years, we shall strive harder to build a strong reputation for ourselves and carve a niche for our commodities.

- **International Markets**

The Company is continuously trying to build a large overseas business and revenue from export business accounts for a sizeable component of Company's total turnover. The company is continuously tapping potentially new markets and exporting a wide range of products to these countries.

#### Product-wise Performance

The Company deals in bulk quantities of multiple commodities. Product wise performance of the company is as follows:

(Figures in Rupees)

Sr No.	Product	2018-19	2017-18
1	Paper	14,72,49,405	406,423,257
2	Equipments	-	9,319,722,946
3	Minerals and metals	-	2,336,057,479

## Outlook

### Paper Industry

The outlook for the global paper and forest products industry has been changed to negative from stable, Moody's Investors Service says in a new report. Global operating income will decline over the next 12 to 18 months, as wood product and pulp prices ease from recent peaks.

The negative outlook for the global paper and forest products industry reflects a 2%-4% decline in industry operating income over the next year or so," said Ed Sustar, a Moody's Senior Vice President. "Increasing paper packaging prices and demand for paper packaging and pulp will only partially offset rising input costs, declining demand for paper and lower wood product and market pulp prices."

The outlook for the paper packaging and tissue subsector remains stable, Sustar adds. Most Moody's-rated paper and forest product companies will generate modestly stronger operating earnings this year as growing demand and higher prices across several substrates offset escalating labor and freight costs.

### Risk and concerns

- Growth of unorganized sector and threat from local regional players.
- Change in freight and forwarding charges.
- General economic and business conditions.
- Our Company's ability to successfully implement our growth strategy, fluctuation in Exchange rates.
- Prices of raw materials.
- Changes in laws and regulations relating to the industry in which we operate.
- Changes in political and social conditions in India.

### Internal Control Systems and their adequacy

The Company's internal control procedures are tailored to match the organization's pace of growth and increasing complexity of operations. This ensures compliance to various policies, practices and statutes.

We have an independent and adequate system of Internal Control which enables reliable financial reporting, safeguard of assets and encourages adherence to management policies. The Company has a system for speedy compilation of accounts and management information reports to comply with applicable laws and regulations.

We have a reasonable budgetary control system so that the management can monthly review actual performance against the budget. A well-defined organization structure is in place with authority level, internal rules and guidelines for conducting business transactions.

## Independent Auditor's Report

To,  
The Members of  
**OLYMPIC OIL INDUSTRIES LIMITED**

### Report on the standalone Financial Statements

#### Qualified Opinion

We have audited the financial statements of **OLYMPIC OIL INDUSTRIES LIMITED ("the Company")**, which comprise the balance sheet as at March 31, 2019, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (Collectively referred to as 'standalone financial statements').

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2019, and its **LOSS** (financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

- a. In the case of the balance sheet, of the state of affairs of the company as at 31st March 2019, and
- b. In the case of the statement of profit and loss, of the **LOSS** (financial performance including other comprehensive income), changes in equity and
- c. In the case of the cash flow statement, of the cash flow statement for the year ended on that date.

#### Basis for Qualified Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are auditor of the Company in accordance with the Code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. As stated in note-6 to the financial statement the sundry debtors as at the end of the year of Rs. 322.11 crore Includes over dues receivable due to credit impaired of Rs.312.77 crore and as per note no. 3 & note no.8 in respect of non current investment & loan to related parties of Rs.4.1 crore & Rs. 40.55 crore respectively being considered good and recoverable by the management . In the absence of confirmation and liquidity constraints facing by the parties due to which these may not be able to realize. In the absence of sufficient appropriate evidence we are unable to comment upon the carrying value of non current investment, loans to related parties and trade receivable and recoverability of the aforesaid dues and consequential impact, if any on the accompanying financial statement.

#### Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance. in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon.

We have determined that there are no key audit matters to communicate in our report.

#### Emphasis of Matter

##### We draw attention to:

Note no. 13 regarding credit facilities from banks became Non Performance account during the year and forensic audit has been carried for the working of the company and interest has not been provided since August 2018 being NPA. Pending the ultimate outcome of this matter which is presently unascertainable hence no adjustment has been made.

Note no. 32A regarding net worth of the company has been fully eroded due to lower volume and finance cost, further the Company has defaulted in repayment of principal and interest payable to Banker in respect of working capital facilities which indicate existence of liquidity stress and material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However the management is hopeful to meet the Company's financial obligation and continuing business operations. Having regards to this, financial statements have been prepared on the basis of going concern. Hence no adjustments have been made to the carrying value of Assets and Liabilities of the Company.

#### Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Boards of Directors are also responsible for overseeing the company's financial reporting process

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing ("SAs"), We exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) of the Act, We are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b. In our opinion proper books of account as required by law have been kept by the company so far as it appears from our examination of those books;
  - c. The Balance Sheet, the Statement of Profit and Loss, the Statement of changes In Equity and the Cash Flow Statement dealt with by this Report are in agreement With the books of accounts;
  - d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standard), Rules 2016.

- e. On the basis of the written representations received from the directors as on 31 March 2019, taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019, from being appointed as a director in terms of section 164(2) of the Act ;
- f. With respect to the adequacy of the internal financial controls over financial Reporting of the Company and the operating effectiveness of such controls, Refer to our separate Report in “Annexure B”.
- g. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us :
  - i) The Company does not have any pending litigations which would impact its financial position.
  - ii) The Company did not have any long term contract including derivative contract ; as such the question of commenting on any material foreseeable losses thereon does not arise;
  - iii) There has not been any occasion in case of the Company during the year under report to transfer any sums to the investor education and protection fund. The question of delay in transferring such sums does not arise.

## Annexure "B" To The Independent Auditor's Report

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Olympic Oil Industries Limited ("the Company") as of 31st March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## 1. Summary of Significant Accounting Policies

### 1.1 Basis of Preparation

#### Compliance with Ind AS

The Standalone Financial Statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the "Ind-AS") as notified by the Ministry of Corporate Affairs, pursuant to section 133 of the Companies Act 2013 (The Companies (Indian Accounting Standards) Rules, 2015) and comply in all material aspects with their provisions.

The financial statements up to year ended 31st March 2016 were prepared in accordance with Generally Accepted Accounting Principles (GAAP) in India, Accounting Standards specified under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies Act, 2013. These financial statements for the year ended 31st March 2017 are the first, the Company has prepared in accordance with Ind-AS.

#### Historical Cost Conventions and Fair Value

These financial statements have been prepared on a historical cost basis, except for some assets and liabilities which have been measured at fair value, as specifically disclosed.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

#### Reporting Presentation Currency

All amounts in the standalone financial statements and notes thereon have been presented in Indian Rupees (INR) (reporting and primarily functional currency of the company) and rounded off to the nearest Lacs with two decimals, unless otherwise stated.

### 1.2 Classification of Assets and Liabilities

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind-AS 1 notified under the Companies (Indian Accounting Standards) Rules, 2015. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, twelve months has been considered by the Company for the purpose of current/ non-current classification of assets and liabilities. However certain liabilities such as trade payables and some accruals for employee and other operating costs are part of the working capital used in the Company's normal operating cycle, accordingly classified as current liabilities even if they are due to be settled more than twelve months after the reporting period.

### 1.3 Accounting Estimates & Judgements and key sources of estimation uncertainty

Due to the nature of the Company's operations, critical accounting estimates and judgements principally relate to the:

- Tangible fixed assets (estimate useful life);
- Intangible fixed assets (estimate useful life)
- Impairment testing (if and when applicable)
- Provision inventories (obsolescence / lower net realizable value)
- Provision for doubtful debts
- Provision for employees' post employment benefits (actuarial assumptions)

In preparing the financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of the financial statements and the amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Any revision to such estimates is recognised in the period in which the same is determined.

The management of the Company makes assumptions about the estimated useful lives, depreciation methods or residual values of items of property, plant and equipment, based on past experience and information currently available. In addition, the management assesses annually whether any indications of impairment of intangible assets and tangible assets. The management of the Company believe that on balance sheet date no impairment indications were existing.

The management of the Company believe that the inventory balances on hand could be sold to the third parties at the disclosed value taking into consideration the condition of inventories held and current conditions in the market.

Furthermore, the management believe that the net carrying amount of trade receivables is recoverable based on their past experience in the market and their assessment of the credit worthiness of debtors at 31st March 2017. Such estimates are inherently imprecise and there may be additional information about one or more debtors that the management are not aware of, which could significantly affect their estimations.

The provisions for defined benefit plans have been calculated by a local (external) actuarial expert. The basic assumptions are related to the mortality, discount rate and expected developments with regards to the salaries. Management believes that the mortality tables used are general acceptable mortality tables the countries involved. The discount rate have been determined by reference to market yields at the end of the reporting period based on the expected duration of the obligation. The future salary increases have been estimated by using the expected inflation plus an additional mark-up based on historical experience and management expectations.

### 1.4 Inventories

- i) Finished goods covered under confirmed forward contract/order are valued at net realizable value & others are valued at cost or market price whichever is lower.

- ii) GST has been claimed as Input Credit wherever applicable. The closing stock has been valued net off GST wherever applicable and in case of GST paid on purchases effected for exports GST is refundable in full and it does not form part of closing stock.

### 1.5 Property, Plant and Equipment

Recognition and measurement: Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any.

Expenditure during construction / erection period is included under capital work-in-progress and is allocated to the respective property, plant and equipment on completion of construction / erection

### 1.6 Intangible Assets

Intangible Assets are stated at cost less accumulated amortization.

### 1.7 Impairment of Assets

Fixed Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognized in the books for the item of fixed assets carried at cost. However in the opinion of the management, no provision is required for impairment of asset in the current year

### 1.8 Depreciation

- i) Depreciation on property, plant and equipment : Depreciation on fixed assets has been provided on W.D.V. Method at the rates and in the manner specified in schedule II of the Companies Act, 2013. The details of estimated life for each category of asset are as under:

Life of Assets	Life
Furniture & Fixture	10 years
Computer	3 years
Motor Car	8 years
Motor Bike / Cycles	10 years
Office Equipments	5 years

The cost and related accumulated depreciation are eliminated from the financial statements, upon sale and disposition of the assets and the resultant gains or losses are recognized in the statement of profit and loss.

### 1.9 Investments and other financial assets

Financial assets are initially measured on trade date at fair value, plus transaction costs. All recognised financial assets are subsequently measured in their entirety at either amortized cost or at fair value.

#### (a) Classification

The Investments and other financial assets has been classified as per Company's business model for managing the financial assets and the contractual terms of the cash flows.

#### (b) Measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

#### (b.1) Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company's classifies its debt instruments:

##### Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in profit and loss using the effective interest rate method.

##### Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in profit and loss using the effective interest rate method.

##### Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

### (b.2) Equity/Mutual Fund instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

- Investment in equity shares of subsidiaries, Partnership Firm and associates: On the transition date, the Company has opted to carry investments in Equity shares of subsidiaries and associates at their deemed cost, i.e. previous GAAP carrying amount.

### (c) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 37 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

## 1.10 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to insignificant risk of change in value.

For the purposes of the Statement of Cash Flow, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

## 1.11 Trade Receivables

Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expected to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component. Loss allowance for expected life time credit loss is recognized on initial recognition.

## 1.12 Borrowings.

Borrowings are recognized initially at fair value, less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortized cost with any difference between cost and redemption value being recognized in the statement of profit or loss over the period of the borrowings using the effective interest method.

## 1.13 Employee Benefits

### (i) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages etc. and the expected cost of bonus, exgratia, incentives are recognized in the period during which the employee renders the related service.

### (ii) Post-Employment Benefits

#### (a) Defined Contribution Plans

State Government Provident Fund Scheme is a defined contribution plan. The contribution paid/payable under the scheme is recognized in the profit & loss account during the period during which the employee renders the related service.

#### (b) Defined Benefit Plans

##### Gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employee's. The plan provides for a lump –sum payment to vested employee's at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The company has obtained group gratuity policy with Life Insurance Corporation. The Company accounts for the liability for gratuity benefits payable in future based on an independent actuarial valuation, carried out as at the year end.

- (c) The obligation for leave encashment is provided for and paid on yearly basis.

## 1.14 Derivative Financial Instruments

The Company uses derivative financial instruments i.e. Forward Contracts to hedge its risks associated with foreign exchange fluctuations. These derivative financial instruments are used as risk management tools only and not for speculative purposes. The fair values of these derivative financial instruments are recognized as assets or liabilities at the balance sheet date and gain/ loss is recognised in statement of profit and loss.

## 1.15 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, and value added taxes.

**1.16 Other Income**

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is recognized in the income statement on the date the entity's right to receive payments is established.

Company has elected to present gains or losses arising from fair value adjustments of financial instruments, gains or losses on disposal of property, plant and equipment, gain or losses from disposal/redemption of investments and regular foreign currency transactions and translations as a separate line item "other gains/(losses) - net" on the face of the statement of profit and loss as permitted in para 85 of Ind AS 1.

**1.17 Export Benefits**

Export incentives in the form of Duty Draw back benefit/MEIS License is accounted for on accrual basis and treated as income from operations.

**1.18 Income Taxes**

The income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years. Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity/Mutual Funds. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

**1.19 Foreign currency transactions and translation**

The functional currency of the company is Indian rupee. Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies as at the Balance Sheet date are translated at exchange rate prevailing at the year end. Exchange differences arising on actual payments / realisations and year end translations including on forward contracts are dealt with in Profit and Loss.

**1.20 Borrowing Costs**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Transaction cost in respect of long-term borrowings are amortised over the tenure of respective loans using effective interest method. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

**1.21 Contingent Liabilities and Contingent Assets**

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the financial statements but disclosed, where an inflow of economic benefit is probable.

**1.22 Earnings Per Share**

Earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

##### (b) Trade & other receivable / Payables

The management assessed that Trade Receivables, Cash and Cash equivalents, Bank Balances, Deposits, other non derivative current financial, assets, Short term borrowings, Trade payables, Non derivative Current Financial Liabilities approximate their carrying amount largely due to the short-term maturities of these instruments.

#### NOTE 29 : CAPITAL MANAGEMENT

The Company manages its capital to ensure to continue as a going concern while maximizing the return to the equity holders through optimization of the debt to equity balance. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Apart from internal accrual, sourcing of capitalised one through judicious combination of equity and borrowings, both short and long term.

The Company monitors capital using a ratio of adjusted net debt to adjusted equity. For this purpose, adjusted net debt is defined as total liabilities, comprising interest bearing loans and borrowings, less cash and cash equivalents and current investment. Adjusted equity comprises all components of equity.

#### NOTE 30 : FINANCIAL RISK MANAGEMENT

##### (a) Risk Management Framework

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

##### (b) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in financial instruments.

The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The Management impact analysis shows credit risk and impact assessment as low.

##### Trade and Other Receivables

Credit risk is the risk that a customer may default or not meet its obligations to the company on a timely basis, leading to financial losses to the Company. The management has an advance collection /credit policy criteria in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount. Before accepting a new customer, the Company uses an internal credit system to assess the potential customer's credit quality and defines credit limits separately for each individual customer. **The gross carrying amount of trade receivables as at 31st March 2019 aggregates Rs 3,221.06 Lacs (P . Y . Rs 35,12.20 Lacs)** and trade receivables are due for more than six months from the reporting date of Rs. 32125.23 Lacs (P.Y Rs. 173.48 lacs). The Company reviews for any required allowance for impairment that represents its expected credit losses in respect of trade receivables. The company assess impairment based on the expected credit loss (ECL) model to all its financial assets measured at amortised cost.

Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

##### (c) Liquidity Risk management

Ultimate responsibility for liquidity risk management rests with the board of directors. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

##### (d) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices mainly comprise three types of risk: currency rate risk, interest rate risk and other price risks. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2019 and March 31, 2018. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The Company uses derivatives like forward contracts to manage market risks on account of foreign exchange.

##### Currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and Euro. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (Rupees). Currency risks related to the principal amounts of the Company's foreign currency payables, have been partially hedged using forward contracts taken by the Company.

##### Sensitivity analysis

A Reasonably possible strengthening/(weakening) of the Indian Rupees against US dollars at March 31 would have affected the measurement of financial instruments denominated in US dollars and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rate remain constant and ignores any impact of forecast sales and purchases.

**Interest Rate Risk**

The Company's main interest rate risk arises from long-term borrowings with variable rates, which exposes the Company to cash flow interest rate risk. During 31st March 2018 and 31st March 2017, the Company's borrowings at variable rate were denominated in India Rupees. Currently the Company's borrowings are within acceptable risk levels, as determined by the management, hence the Company has not taken any swaps to hedge the interest rate risk.

**Exposure to Interest Rate Risk**

The Company's Interest Rate Risk arises from borrowings obligations. Borrowings issued exposes as fair value interest rate risk. The interest rate profile of the company's interest bearing financial instruments as reported to the management of the Company is as follows.

**Cash flow Sensitivity Analysis for Variable -Rate Instruments**

A reasonably possible change of 50 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rate, remain constant.
